The band was created in Dallas, Texas, USA, in 1983 when members of 2 local bands joined forces. Joey Darcangelo was lead vocalist for the band Sabotage, Ru Spearman and Michael Laurence were the guitar players for the band Rokker. Those three guys were the founding members of Bellilose.

The first track that Joey co-wrote with Ru and Michael was "Run for Cover". Joey remembers: "In the beginning we lived and breathed Bellilose. We would spend endless hours just sitting around playing guitars and humming melodies and scratching down lyric ideas and drinking lots of beer!! It was a lot of fun back then. There was so much creative energy and music pouring out of each of us, it was sometimes hard to keep up with. It didn't take long to recognize the magic that was the sound of Bellilose that came from this collaborative nucleus."

Bellilose recorded various demos on different seasons. Those demos were not released to the public. The sole purpose of any demo track was to shop to the major labels. Bellilose stayed very busy in both writing and recording in order to be able to pitch new material to the labels every three months.

A key point to the band's career was the signing with MKM management. Upon signing with MKM, they proposed that the band record and release their official debut album privately. The idea was to give the band a more professional polished presence as Bellilose were still trying to get signed by a major label. The band's debut "Love On Ice" was recorded at Sound Logic Studio in Dallas, TX and released on CD in 1989. Joey remembers: "It took about 6 months to put all the tracks together for the CD. It was a matter of track selection, mixing and or re-recording of some of the songs to 24 track to keep the sound of the mixes consistent. Tim "Chopper" Grugle our drummer deserves a lot of the credit for the end result of the tracks and the sonic sounds that made it to the CD. He spent countless nights mixing and re-mixing the songs on that CD to ensure that when it was ready to be packaged, it was the best that it could be." Some of the best music that the band was working on since 1983 was finally officially recorded and presented to the fans. Joey points: "Those were the songs that a lot of our fans were familiar with and sang along to at our shows. To think of the CD without them was crazy. If anything, to the band, the CD was a gift to our fans. Bellilose fans were true and very loyal... We fed off their love and energy many nights for many years!"
