Dead Calm from Ottawa, Canada released back in 1991 a limited -in 1000 copies only- LP tape called "No Way Out" including 9 tracks of magnificent Power / Prog Metal in the vein of old Queensryche / Lethal / Hittman / Sacred Warrior. The musical trademarks of Dead Calm are with no doubt the unbelievable vocals (ala Geoff Tate / Tom Malicoat), the powerful riffing and the brilliant guitar leads that are enforcing their music with a special touch of strange and beautiful steel.

The original multi-track master tapes have been lost forever as they were destroyed by a fire on the band's studio. Fortunately the one and ONLY stereo master tape that was used by the band back in 1991 to duplicate the album was saved and was digitally transferred into CD on one of Canada's finest studios. The digital product was re-mastered from the scratch by Arkeyn Steel Records mastering main man Mr. Kostas Scandalis at Infinity Studios.

44' minutes of complex, catchy and melodic steel touch by the magic Canadian Metal spirit. Presented under completely new artwork -by Kostas Athanasoglou-, full lyrics and inner notes. Finally this album is released the way it deserved. Here we got an unbelievable musical experience for sure not to be missed.
