From Jackson, Michigan, USA, Enchanter released back in 1988 one jewel of US Epic / Power Metal. Defenders Of The Realm was the beginning of their saga that consisted of two more releases: Time Gone Past Nevermore (1989) and Ethereal Quarter (1990). From Power Metal pounding attacks to Epic Metal mysterious anthems this band carried a unique spirit. This release is a compendium of every piece of music ever released by Enchanter. Completely re mixed in USA by the main man / guitarist James Shellberg himself (former of the glorious Longings Past). Available in strictly limited CD edition of 1000 featuring unreleased photos and complete biography. This is your first -and last- chance to grab this mystic treasure of Steel. NO re-pressings!
