His characteristic nail-picking style, as well as his natural talent and hard work, put Kosta Vreto high on the list of the up and coming guitar heroes. Almost ready to release his second personal album, Kosta has a pretty busy background that starts since the age of 18. The auditions he's been through up to now, gave him the guitarist job for legends such as Paul DIANNO, Uli Jon Roth and local heroes like Wardrum, Horizon's End, Vavel, Long Live that granted a huge experience on live performances and studio recordings.

His debut "Skin On Strings" released in 2008, unfolded clearly his compositional abilities along with his already known technical skills and gave him the opportunity to work with/for companies such as Lace Music Products, Telegun Amps, Bulk strings and do some jam/signing sessions for Lace in the Francfort Musik messe 2009.

Some Rock Stars Say:  
 Kosta is a great player, but also gets what I'm trying to put across with the more punk and hardcore element. So, he's easy to work with and hope to do more with him. A great guy as well, not sure about the purple though (inside joke)!

**PAUL DIANNO**  
 A great player with all the right ingredients - tone, phrasing, melody, technique. A talented well-rounded player.

**RON THAL (Bumblefoot-Guns N' Roses)**  
 This is one of the craziest things I've seen in my life. Amazing player, one of the best I know.

**ROB MARCELLO (Dwight Dugan)**  
 A great player who masters every style from Metal to Jazz with a great sense for rhythm and melodies

**COSVIN BÄHN (Gamma Ray, Uli Jon Roth)**  
 Beautiful playing, great writing, rock lives in Greece!!

**KAT DVSON (Prince)**  
 Love the technique, but most of all, great feeling

**RON AND GRADY (Masterplan)**  
 Great playing. Love the finger technique

**PRASHANT ASWANI**
